VGIL is authorised in EEA Member States and regulated by the Central Bank.

You are about to purchase a Fund that is not simple and may be difficult to understand.

What is this product?

Type: The Fund is a sub-fund of Vanguard Investments Common Contractual Fund ("VICCF"), a UCITS authorised by the Central Bank of Ireland.

Term: The Fund has no fixed maturity date, however it may be terminated in certain circumstances as described in the VICCF prospectus (the "Prospectus") including if the net asset value of the Fund falls below £15 million or its equivalent in another currency.

Objectives: The Fund employs a passive management – or indexing – investment approach, through physical acquisition of securities, and seeks to track the performance of the FTSE Developed Index (the "Index").

The Index is comprised of large and mid cap sized company stocks in global developed markets.

The Fund attempts to:

1. Replicate the Index by investing through physical acquisition in all, or substantially all, of the component securities of the Index, holding each in approximately the same proportion as the weighting of the Index. Where not practicable to fully replicate, the Fund will use a sampling process.

2. Remain fully invested except in extraordinary market, political or similar conditions where the Fund may temporarily depart from this investment policy to avoid losses.

The Fund invests in securities which are denominated in currencies other than the base currency. Movements in currency exchange rates can affect the return of investments.

The Fund may use derivatives in order to reduce risk or cost and/or generate extra income or growth. A derivative is a financial contract whose value is based on the value of a financial asset (such as a share, bond, or currency) or a market index.

Units in the Fund can be bought or sold on a daily basis (save on certain bank holidays or public holidays and subject to certain restrictions described in the Supplement). A list of the days on which units in the Fund cannot be bought or sold is available on:

<https://fund-docs.vanguard.com/holiday-calendar-vanguard-investments-common-contractual-fund.pdf>

Income from the Fund will be reinvested and reflected in the price of units in the Fund.

VICCF is an umbrella fund with three sub-funds at the present time. Under the terms of the deed of constitution relating to the VICCF, the assets of the Fund shall be segregated from the assets of any other sub-funds within the VICCF and shall not be used to discharge directly or indirectly the liabilities of or claims against any other sub-funds within the VICCF.

Intended retail investor: The Fund is available to a wide range of investors seeking access to a portfolio managed in accordance with a specific investment objective and policy.

The VICCF depositary is Brown Brothers Harriman Trustee Services (Ireland) Limited.

You can obtain copies of the Prospectus and the latest annual and semi-annual report and accounts for Vanguard Investments Common Contractual Fund ("VICCF") along with the latest published prices of units and other practical information, from Vanguard Investments Common Contractual Fund c/o Brown Brothers Harriman Fund Administration Services (Ireland) Limited, 30 Herbert Street, Dublin 2, D02 W329, Ireland or from our website at <https://global.vanguard.com>. The documents are available in English and are free of charge.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes you keep the Fund for 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this Fund compared to other Funds. It shows how likely it is that the Fund will lose money because of movements in the markets or because we are not able to pay you.

We have classified this Fund as 4 out of 7, which is a medium risk class. This rates the potential losses from future performance at a medium level, and poor market conditions could impact the Fund's capacity to pay you.

Be aware of currency risk. You may receive payments in a different currency to the base currency of the Fund, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Beside the market risks included in the risk indicator, other risks may affect the Fund, including counterparty, index tracking / sampling and investment risks.

For further information on risks please see the "Risk Factors" section of the Prospectus on our website at <https://global.vanguard.com>

This Fund does not include any protection from future market performance so you could lose some or all of your investment.

The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political events, economic news, company earnings and significant corporate events.

Performance Scenarios

What you will get from this Fund depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

Recommended holding period: 5 years

Example Investment: GBP 10,000

Scenarios		If you exit after 1 year	If you exit after 5 years
Minimum	There is no minimum guaranteed return if you exit before 5 years. You could lose some or all of your investment.	-	-
Stress	What you might get back after costs	GBP 3,090	GBP 3,630
	Average return each year	-69.10%	-18.35%
Unfavourable	What you might get back after costs	GBP 9,140	GBP 10,890
	Average return each year	-8.60%	1.72%
Moderate	What you might get back after costs	GBP 11,220	GBP 17,730
	Average return each year	12.20%	12.14%
Favourable	What you might get back after costs	GBP 13,810	GBP 20,450
	Average return each year	38.10%	15.38%

The figures shown include all the costs of the Fund itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

The stress scenario shows what you might get back in extreme market circumstances.

This Fund cannot be easily cashed in.

Unfavourable scenario: This type of scenario occurred for an investment using the benchmark as stated in the prospectus between 2025 and 2026.

Moderate scenario: This type of scenario occurred for an investment using the benchmark as stated in the prospectus between 2020 and 2025.

Favourable scenario: This type of scenario occurred for an investment using the benchmark as stated in the prospectus between 2016 and 2021.

What happens if VGIL is unable to pay out?

The assets of the Fund are held in safekeeping by its depositary. In the event of the insolvency of VGIL, the Fund's assets in the safekeeping of the depositary will not be affected. However, in the event of the depositary's insolvency, or someone acting on its behalf, the Fund may suffer a financial loss. This risk is mitigated to a certain extent by the fact the depositary is required by law and regulation to segregate its own assets from the assets of the Fund. The depositary will also be liable to the Fund and the investors for any loss arising from, among other things, its negligence, fraud or intentional failure to properly fulfil its obligations (subject to certain limitations).

There is no compensation or guarantee scheme protecting you from a default of the Fund's depositary.

What are the costs?

The person advising on or selling you the Fund may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you invest in the Fund and how well the Fund does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the Fund performs as shown in the moderate scenario

- GBP 10,000 per year is invested.

	If you exit after 1 year	If you exit after 5 years
Total costs	GBP 26	GBP 206
Annual cost impact (*)	0.3%	0.3% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 12.4 % before costs and 12.1 % after costs.

We may share part of the costs with the person selling you the Fund to cover the services they provide to you. They will inform you of the amount.

Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	The Fund does not charge an entry fee.	GBP 0
Exit costs	The Fund does not charge an exit fee, but the person selling you the Fund may do so.	GBP 0

Ongoing costs taken each year

Management fees and other administrative or operating costs	0.25% of the value of your investment p.a. This is an estimate based on actual costs over the last year and takes account of any known future changes.	GBP 25
Transaction costs	0.01% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the Fund. The actual amount will vary depending on how much we buy and sell.	GBP 1

Incidental costs taken under specific conditions

Performance fees	There is no performance fee for this Fund.	GBP 0

How long should I hold it and can I take money out early?

Recommended holding period: 5 years

The Fund is appropriate for long-term investment. You should have an investment horizon of at least 5 years.

No redemption fees are imposed in respect of redemptions, however, the Fund may use swing pricing in order to mitigate the effects of dilution on a particular Dealing Day.

How can I complain?

A Unitholder who is not satisfied with their experience as an investor in the Fund is entitled to bring a complaint to the Fund in accordance with the applicable complaints handling policy. Should you wish to lodge a complaint about a Vanguard product or our service, please contact: Brown Brothers Harriman Fund Administration Services (Ireland) Limited, 30 Herbert Street, Dublin 2, D02 W329.
